Creating Print Sets with Sheet Navigator

- ◆ There must be an up to date Project or Component Index for Sheet Navigator to use.
- ◆ That index will show the order in which the Print Set will be arranged.
- ◆ Once the Project or Component Index is up to date output it to a Print Set.

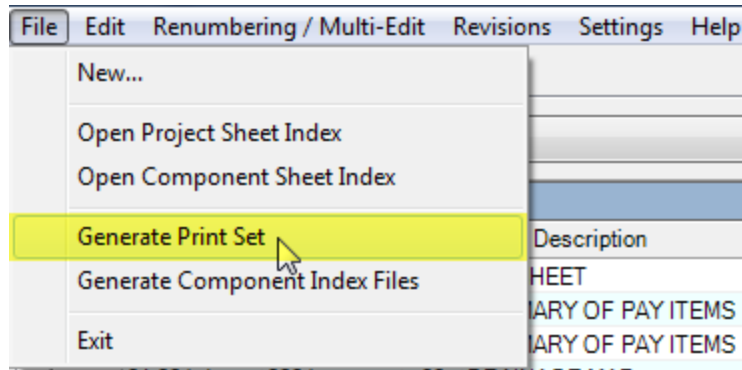

Sheet Navigator needs an up to date Index

The Index will show the print order

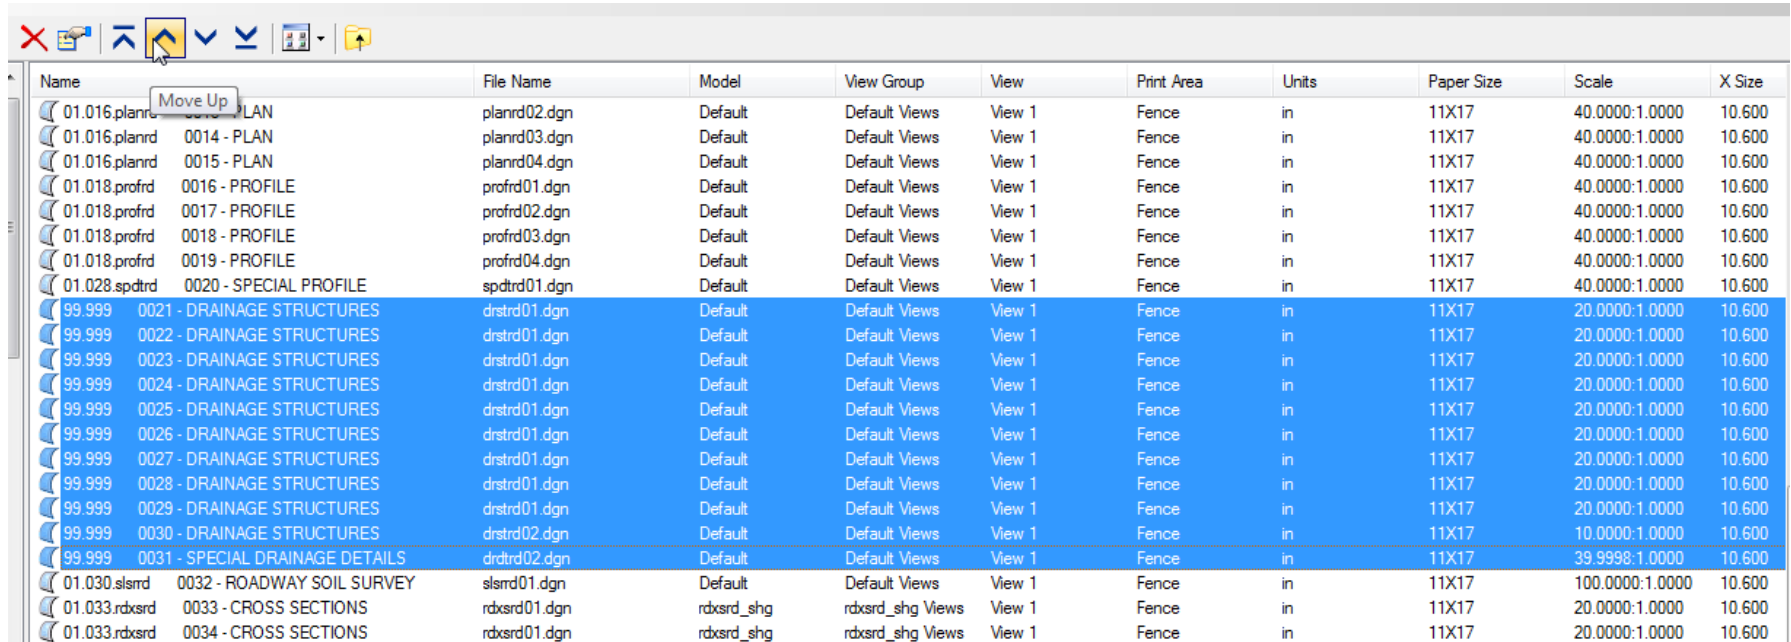

Print Ord	Sheet	Rev	Sheet Description	Print Style	Signed	Format	Filename
01.001.keysr	0001	00	KEY SHEET	FDOT PDF		DGN.V8	/roadway/keysrd01.dgn
01.003.cessr	0002	00	SUMMARY OF PAY ITEMS	FDOT PDF		DGN.V8	/roadway/cessrd01.dgn
